

Crs Report for Congress: Renewable Energy: Tax Credit, Budget, and Electricity Production Issues November 1, 2002 - Ib10041

By -

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.Energy security, a major driver of federal renewable energy programs in the past, came back into play as oil and gas prices rose late in the year 2000. The terrorist attack of September 11, 2001, led to heightened concern about energy security and the vulnerability of energy infrastructure Further, the 2001 electricity shortages in California brought a new emphasis to the role that renewable energy may play in electricity supply. In the 107th Congress, debate over renewable energy programs has focused on tax credits, incentives, budget, and provisions of the omnibus energy policy bill, H.R. 4. Also, worldwide emphasis on environmental problems of air and water pollution and global climate change, and the related development of clean energy technologies in western Europe and Japan, may remain important influences on renewable energy policymaking. Concern about technology competitiveness may also be a factor in debate. For DOE s FY2003 Renewable Energy Program, the Bush Administration seeks \$407.0 million, an \$11.3 million (3) increase relative to the FY2002 appropriation, not accounting for inflation. The House Appropriations Committee recommends \$396.0 million...

Reviews

Thorough information! Its this sort of good read. It is actually writter in straightforward words rather than confusing. I am just delighted to let you know that this is basically the best book we have read within my personal existence and can be he greatest pdf for actually.

-- **Dr. Henri Crona II**

It in a single of my personal favorite publication. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
